

## Economic Projects Manager

**£20-£25k pa -- Attractive Benefits**

Interested in a front-line role driving London's success as a world-class global business capital? We're looking for an outgoing, results driven individual to help us with inward investment and investor development programmes.

You'll need to be pro-active in developing your own client base, building relations and delivering creative solutions to meet their needs. You'll be required to report accurately, to meet specific output targets, and to liaise with public bodies, blue-chips and SMEs. Ideally, you have a degree in Business or Economics, some experience and excellent communications and IT skills.

West London Business is a business-led lobbying and networking agency, dedicated to supporting and promoting West London's vibrant £32.4 billion economy.
